Asbestos Abatement for Workers

2 - Day HANDS-ON Course

Does your company perform demolition services? Do your workers know and understand asbestos and its requirements? **DO YOU KNOW THIS TRAINING IS MANDATORY BEFORE REMOVAL OF ASBESTOS MATERIALS?**

This 2 day hands-on class was created to ensure that YOU, the restoration contractors, are prepared to handle asbestos claims. Covering all aspects of the regulation, contractor responsibilities, and all documentation this course is for you!

The 2 day class will prepare and teach the student:

- What asbestos is and where it is found, commercial and residential properties
- Sampling and identification
- Use of HEPA scrubbers and set-up
- Containment accuracy, set up and Type I-II-III configuration
- Adopting the regulations – 278/05
- Removal techniques for easy clean up and take down
- Personal protective equipment mandatory don/doff
- Liabilities, personnel, and general ministry requirements
- Safety on site and mandatory requirements
- Glove bag and pipe insulation removal
- Administration side and paperwork templates

Course Fees:

\$ 995.00 per person
Fee Includes:
morning snack, lunch daily and course manual.

**** Each student must have a full face respirator for hands-on purposes ****

This class is approved by the IICRC for two continuing education credits in cleaning and restoration, and is approved by the ministry for training to qualify for Type I-II-III work. Those who qualify will continue their certification with an additional exam offered by the Ministry of Colleges, Training and University and training certification (MTCU)

Who should attend?

Owners, Technicians, Project Managers, Supervisors, Estimators, Insurance Agents/Adjusters; Anyone involved at any level with asbestos work!!
